

Identity Verification Form

iPhone Developer Program

In order to proceed with the activation process, please complete this form in its entirety and fax it along with a notarized or solicitor certified photocopy of your government issued photo identification (passport, driver's license, etc.) to +1 (408) 862-1519.

Please note that if the verification documentation is not notarized or solicitor certified, we will be unable to activate your account. Once we receive and process this documentation, we will notify you via email that you may once again attempt Program activation. Please allow several business days for processing.
